MAKE UP LAB REQUEST FORM

Students can attend no more than two make up labs per semester. There is no guarantee that there will be space in any particular lab section. You must have the instructor's permission to make up a lab in his or her section. Fill this form out completely and give it to the make up lab instructor before the quiz. If the form is not complete and correct you might not get credit for the experiment. If this is your 3rd (or beyond) make up lab, you need to have prior approval, otherwise no credit will be given for the make up lab. If you have scheduling problems contact Carola Butler: butler@phy-astr.gsu.edu Circle your Laboratory section from the following list.

Physics: **1111** **1112** **2211** **2212** **Date:** ...../……/……...
