Seminar Presentation Grading - Student Evaluations and Comments

DO NOT write your name on this form.

On a scale of 1 to 10 (10 being the highest), rate the speaker on the following elements.

These ratings will be returned to the speaker to help point out areas of weakness, and indicate areas in which some improvement can be made to increase the overall effectiveness of their future oral presentations.

Areas to consider: (scale 1-10)

Does the speaker face the audience? _____

Are overheads easily understood? _____

Is the speakers speech clear? _____

Is the speakers speech loud enough? _____

Is the presentation coherent or logically constructed? _____

Does the speaker comprehend the material well? _____

e.g. the speakers response to questions
understanding of content of overheads

Any further comments, or areas to score, on the speakers presentation:

Write a few paragraphs on the speakers subject describing the main points. (this will be graded).
